

Substansregister

Avsnittet upptar huvuddelen av aktiva innehållsämnen i läkemedel som ingår i Fass 2013. Substanserna presenteras i bokstavsordning. Efter varje substans räknas de lä-

kemedel upp i vilka substansen ingår. Läkemedel med mer än en terapeutisk verksamt beståndsdel markeras med ett plus (+). Se vidare Fass substansregister.

A

Abakavir

+KIVEXA, GlaxoSmithKline
